

Sponsor a Haitian Refugee through Welcome Corps

February 23, 2024

What is Welcome Corps and How Can I Sponsor Someone?

The [Welcome Corps](#) is a program under the U.S. Department of State where groups of five or more Americans, who live in the same area, can sponsor a refugee/refugee household to resettle permanently in the United States through the U.S. Refugee Admissions Program (USRAP).

2 ways to SPONSOR A REFUGEE through Welcome Corps

1

You can be matched:

Private sponsor groups can be matched with a refugee/refugee household who is already in the process of being resettled to the United States.

You can indicate your preference to sponsor a a refugee/family with specific characteristics like:

- Spoken language
- Nationality; and/or
- Household composition (the number of refugees in a family and children)

2

You can sponsor someone you know:

Private sponsor groups can apply to support someone they already know who meets the legal definition of a refugee.

Use the [Refugee Eligibility Tool](#) to check if the individuals you would like to sponsor may be eligible for consideration for resettlement in the United States.

Other things to note:

1. You can only sponsor one individual or family at a time. You will have to wait 3 months after the refugees arrive in the U.S. to apply again.
2. You can sponsor a household of up to 10 people. The first refugee you enter in your application is the "Primary Contact." The Primary Contact must be at least 18 years old and be able to answer questions about the entire group. Everyone must currently live in the **same country** as the Primary Contact.
3. If you choose to sponsor someone you know, they **MUST** meet eligibility criteria.

[VIEW ELIGIBILITY TOOL HERE](#)

Please note, when sponsoring someone you know, it is the Sponsor Group that applies on behalf of the overseas refugee. Refugees overseas do NOT apply on their end. The application to sponsor someone you know is currently open.

What is the difference between CHNV and the Welcome Corps?

If you already signed up to sponsor someone through Processes for CHNV, the Welcome Corps is another chance to bring the person you want to sponsor to the U.S., as long as they meet the required eligibility criteria. Learn more at: welcomecorps.org/chnv/. **The Welcome Corps offers a permanent pathway to resettlement in the U.S.**

- A refugee who arrives through the Welcome Corps can apply for permanent residency after one year in the U.S. They can apply for citizenship after five years.
- Sponsored refugees who come through this program are able to work upon arrival. They don't need to apply for work authorization.

Who Can Form a Sponsor Group and What Must They Do?

All sponsors must meet the same minimum eligibility requirements to form a Sponsor Group. To qualify, groups must have a **minimum of five members** who:

- are American citizens or permanent residents,
- who are over the age of 18 and who live in or near the same community.
- Private sponsor groups can be formed with family members, friends, neighbors, work colleagues, members of faith groups, book club members—any group of adults who together meet the requirements.
- collectively, sponsor group members must demonstrate that they have the capacity to provide the **core minimum requirements** for sponsorship.

A sponsor group commits to supporting a sponsored refugee/refugee household by providing **core sponsorship services** for a minimum of three months. This responsibility is to be taken seriously; as part of their application, every member of a sponsor group must sign a **Commitment Form** agreeing to the program requirements and responsibilities. Once a refugee/refugee household arrives in the United States, the sponsor group will be required to submit 30-day and 90-day reports via an established online submission process.

What is the Financial Commitment to Sponsor Someone?

A sponsor group is responsible for raising **\$2,425 per refugee they want to sponsor**. This money is to be used to assist with setting a refugee up with housing, food, and other essential needs for the first three months until they have secured employment and can begin generating their own income. To apply, you must upload a document that shows you have already raised 60 percent of this amount (\$1,455 per refugee).

Refugees NEVER HAVE TO PAY to apply for the Welcome Corps. If someone asks a refugee for money to apply for them to come to the U.S. this is fraud and can be reported to the following email:

fraud@welcomecorps.org

I Know a Refugee Currently Living in Country XX. Can I Sponsor Them?

The Welcome Corps is unable to accept referrals for refugees located in certain countries. There are several **reasons** for this, including two primary reasons that are outside the control of Welcome Corps:

1. For example, Welcome Corps cannot accept applications for refugees in countries with which the United States does not have diplomatic relations. In some countries, host government policies limit the U.S. government's ability to interview refugees (i.e., Russia, Syria, North Korea, Venezuela, and others)
2. Other countries already provide safety and security to refugees (i.e., Belgium, Australia, New Zealand, the United Kingdom, and others)

As of January 30, 2024, the following are restricted countries. Please note that restricted countries can change, so be sure to check the [Refugee Eligibility Tool](#) regularly.

Current Restricted Countries		
Africa <ul style="list-style-type: none"> • Eritrea • Libya • Somalia • Sudan • Syria 	Asia <ul style="list-style-type: none"> • Afghanistan • Burma • Iran • Japan • North Korea • Russia • Turkiye • Turkmenistan • South Korea • Yemen 	Europe <ul style="list-style-type: none"> • Austria • Belarus • Belgium • Bulgaria • Croatia • Czech Republic • Denmark • Estonia • Finland • France • Germany • Hungary • Iceland • Ireland • Italy • Latvia • Lichtenstein • Lithuania • Luxembourg • Malta • Monaco • Netherlands • Norway • Poland • Portugal • Romania • Russia • San Marino • Slovakia • Slovenia • Spain • Sweden • Switzerland • Turkiye • Ukraine • United Kingdom
North and South America <ul style="list-style-type: none"> • Canada • Haiti • Venezuela 	Oceania <ul style="list-style-type: none"> • Australia • New Zealand 	

As of January 30, 2024, the following are restricted countries. Please note that restricted countries can change, so be sure to check the [Refugee Eligibility Tool](#) regularly.

I am Interested in Sponsoring Haitians. How Can I do this?

There are several ways that you can support Haitians through the Welcome Corps.

1. Match with Haitian refugees you don't know: You can form a sponsor group of five Americans and/or permanent residents and apply to be matched with Haitian refugees approved for resettlement to the United States. On your application, indicate a preference for being matched with Haitian nationals. The Welcome Corps will work to match your sponsor group with Haitians who are completing their refugee processing overseas.

2. Sponsor a Haitian you know who already has a case with the U.S. Refugee Admissions Program (USRAP). You can form a sponsor group of five Americans and permanent residents and apply to sponsor Haitians you know who already have a case pending with the U.S. Refugee Admissions Program.

- You will be asked to include their USRAP Case number as part of the Welcome Corps application.
- Ask the refugee directly whether they have a case number specific to the United States. The refugee would receive this from a Resettlement Support Center (RSC) or the International Organization for Migration (IOM/OIM).
- This number starts with 2 letters followed by 6 or 8 numbers. For example XX-123456 or XX-12345678.
- This is not a case number from the United Nations (UNHCR).
- This is not a refugee identification card number.
- This is not an identification number from other governments.

3. Sponsor a Haitian you know who had a Form I-134/Form I-134A filed on their behalf through the Processes for Cubans, Haitians, Nicaraguans, and Venezuelans (Processes for CHNV). If the Haitian you know had a Form I-134 or Form I-134A filed on their behalf through the Processes for CHNV, you may be able to sponsor them through the Welcome Corps and can now submit applications for Haitians you know through this program. For more information on this opportunity, please visit this [Welcome Corps for CHNV Sponsors webpage](#).

- The Form I-134 must have been filed on or before January 6, 2023.
- The Form I-134A must have been filed on or before September 30, 2023.
- The Haitian you wish to sponsor **must have been outside Haiti** when the Form I-134A or Form I-134 was filed.
- The Haitian you wish to sponsor **must be outside of the United States**.
- If they do not have a Form I-134A or Form I-134 filed on their behalf before September 30, 2023, the sponsor filling out the application can upload proof that they registered as a refugee or asylum seeker on or before September 30, 2023, by the U.N. Refugee Agency (UNHCR) or by the government of the country where they live (see option 4 below).

4. Sponsor Haitian refugees you know who are outside of Haiti but do not already have a U.S. Refugee Admissions Program Case or a Form I-134/Form I-134A filed on their behalf: You can form a sponsor group of five Americans and/or permanent residents and apply to sponsor Haitian refugees who:

- Are outside of Haiti. **NO IN-COUNTRY REFERRALS AT THIS TIME.**
- Do not already have a case with the USRAP or a Form I-134 or Form I-134A filed through the Processes for CHNV.
- Meet all of the program's [eligibility requirements](#).
- You will submit a referral on their behalf through the Welcome Corps Application.

Do Haitians Themselves Need to Do Anything? What Do They Need?

Please note, when sponsoring someone you know, it is the Sponsor Group that applies on behalf of the overseas refugee. Refugees overseas do NOT apply on their end. They never have to pay money to a PSG to sponsor them. However, you must communicate with the refugee(s) you wish to sponsor. They will help the Sponsor Group throughout the application process by working with them to provide information such as the following:

- First and last name; date and place of birth.
- USRAP case number if applicable (this is not required).
- Country where the primary contact is located and City.
- Legal sex, marital status, religion, ethnicity, native language, nationality.
- Proof of registration photo. **Exemptions for registration proof may be allowed on an extremely limited basis after a case-specific review.** [Learn how to request an exemption here.](#)
- Photo of the refugee.
- Refugee Claim. **In the application, they recommend you collect this information and the above information directly from the refugee. You might choose to seek the counsel of an immigration attorney. This information will be used by the U.S. Government to decide their refugee case.**
- Refugee phone number and email address.

Note: Referring someone does NOT guarantee they will be approved for resettlement to the U.S. They must still undergo security screening and vetting to make sure they meet the definition of a refugee under U.S. law. They must also be able to meet the exit visa requirements of the host country.

Is Welcome Corps faster than CHNV? Can I apply to sponsor through both?

No, the Welcome Corps is not necessarily a faster option. Privately sponsored refugees are subject to the same processing requirements as all other refugees. Applying through the Welcome Corps will not affect your Processes for CHNV application.

What Does “Registered” Mean in the Eligibility Criteria?

One of the eligibility criteria to sponsor a refugee you know says:

A refugee must already be registered on or before September 30, 2023, as a refugee by the UN Refugee Agency (UNHCR) or by the government of the country where they live;

OR refugees of Cuban, Haitian, Nicaraguan, or Venezuelan nationality must have a Form I-134 or I-134A already filed on their behalf before September 30, 2023. They must have been outside their country of nationality by the time the form was filed.

Depending on the country and context, UNHCR may have a local office that “registers” refugees and/or conducts “refugee status determination” (RSD). **“Registered” with the UNHCR is NOT the same as RSD.**

Registration is an identity management tool. If registered, refugees will have completed a form for themselves and/or their household. The form collects a standard set of information from all persons of concern and serves as the basis of a unique registration record. It is completed prior to the distribution of a registration card.

Exemptions for registration proof may be allowed on an extremely limited basis after a case-specific review.

I am Ready to Sponsor Someone. Where Do I Start?

- The first step to sponsoring someone through Welcome Corps is to form your private sponsor group. For a sample private sponsor group structure and roles, view the [following resource](#).
- At least one group member must complete the [Welcome Corps Essentials Training](#) before submitting.
- The group coordinator will create an account and [start an application via this link](#).

View [Getting Started as a Sponsor](#), for a step-by-step guide on what you need to do to sponsor someone. The Guide includes links to additional resources. Please note many of these steps can be completed simultaneously. You can create an account now and log in to begin reviewing the information you will need to submit an application.

How Can I Seek Additional Support During the Application Process?

- Live application support sessions are held on Wednesdays at 7:30 p.m. ET. You can sign up here: <https://welcomecorps.org/events/>
- Watch an [On Demand application support session](#) put on by Welcome Corps coaches.
- You can also email the following with questions: application@welcomecorps.org
- Schedule a **15-minute 1:1 online meeting** with Welcome Corps staff who can answer your questions about the application process: <https://calendly.com/welcome-corps-application-support/latam-direct?month=2024-02>
